IBRA Seminar and Workshop

Trauma and Reconstruction of the Upper Limb

October 28, 2017
Severance Hospital
Research Center of Clinical Medicine
Seoul, Republic of Korea

Chairmen
Prof. Ho Jung Kang, Host, Seoul, Republic of Korea
Prim. Dr. Wolfgang Hintringer, IBRA President, Vienna, Austria

Scientific Committee
Prof. Yun Rak Choi, Seoul, Republic of Korea
Prof. Dr. Jörg Grünert, St. Gallen, Switzerland

Foreword

Dear colleagues and friends,

On behalf of IBRA, we welcome you to the seminar and workshop in the Asia Pacific region on "Trauma and Reconstruction of the Upper Limb" with this year's edition being held at the Severance Hospital Research Center of Clinical Medicine in Seoul, Republic of Korea.

The programme promises to be exciting, with the focus on surgical management of common fractures and salvage procedures of the distal aspect of the upper limb, namely the elbow, wrist and hand. The anatomical cadaveric workshop provides participants with latest updates by the esteemed international faculty and hands-on experience on state-of-the-art implants currently indicated to stabilize those fractures and fusions.

Participants and faculty are encouraged to share experiences and ideas, discuss and debate on the challenges, problems and solutions in managing patient lesions and degenerations in upper limb surgery during this full day course.

We wish you a beneficial learning experience while enjoying the warm and friendly South Korean hospitality.

Prof.
Ho Jung Kang
Host

Prim. Dr.
Wolfgang Hintringer
IBRA President

General Information

Organized by
International Bone Research Association - IBRA Basel, Switzerland

Chairmen
Prof. Ho Jung Kang, Host, Seoul, Republic of Korea
Prim. Dr. Wolfgang Hintringer, IBRA President, Vienna, Austria

Scientific Committee
Prof. Yun Rak Choi, Seoul, Republic of Korea
Prof. Dr. Jörg Grünert, St. Gallen, Switzerland

Faculty
(in alphabetical order)
Prof. Sharifah Roohi Ahmad, Kuala Lumpur, Malaysia
Prof. Yun Rak Choi, Republic of Korea
Prof. Dr. Jörg Grünert, St. Gallen, Switzerland
Prof. Lim Beng Hai, Singapore
Prim. Dr. Wolfgang Hintringer, Vienna, Austria
Prof. Ho Jung Kang, Seoul, Republic of Korea
Dr. Keikichi Kawasaki, Tokyo, Japan
Dr. Kazuki Kuniyoshi, Chiba, Japan
Prof. Jong Woong Park, Seoul, Republic of Korea

Saturday – October 28, 2017

8:00 – 8:30	**Registration**	
8:30 – 8:45	Welcome Address	*H. J. Kang*
	Welcome Speech (Overview and scope of course)	*W. Hintringer*
8:45 – 10:20	**Session I: Hand**	***W. Hintringer***
8:45 – 9:00	Phalangeal and Metacarpal Fractures – Indications and Current Treatment	*S. Roohi*
9:00 – 9:10	Implant & Set Handling	*R. Schwarck*
9:10– 9:45	Lab 1: Phalangeal Fracture (TriLock 1.5 Plate)	*S. Roohi*
9:45 – 10:20	Lab 2: Metacarpal-III-Fracture (TriLock 2.0 Plate)	*W. Hintringer*
10:20 - 10:45	**Break**	

Saturday – October 28, 2017

10:45 – 13:15	**Session II: Carpus/Scaphoid Fractures and Non-Unions**	***Y. R. Choi***
10:45 – 11:00	Scaphoid Fracture – Indications and Current Treatment Options for Acute Fracture and Non-Union	*J. W. Park*
11:00 – 11:45	Lab 3: Scaphoid Fracture (APTUS CCS)	*J. W. Park*
11:45 – 12:15	Lab 4: Scaphoid Pseudarthrosis (TriLock 1.5 Scaphoid Plate)	*W. Hintringer*
12:15 – 12:30	Partial Wrist Fusion	*J. Grünert*
12:30 – 13:15	Lab 5: Four Corner Fusion (APTUS 4CF)	*J. Grünert*
13:15 - 14:30	**Lunch**	

Saturday – October 28, 2017

14:30 – 16:10	**Session III: Distal Radius**	***J. Grünert***
14:30 – 14:40	The Current Status of Intra-Articular Distal Radius Fractures	*K. Kuniyoshi*
14:40 – 14:50	Volar Rim Fractures	*K. Kawasaki*
14:50 – 15:30	Lab 6: Distal Radius Fractures (Adaptive Volar Plate)	*H. J. Kang*
15:30 – 16:10	Lab 7: Distal Radius Fractures (Dorsal Plate)	*L. B. Hai*
16:10 - 16:30	**Break**	

Saturday – October 28, 2017

16:30 - 18:15	**Session IV: Elbow**	***L. B. Hai***
16:30 – 16:45	Radial Head & Olecranon Fractures – Indications and Current Treatment Options	*Y. R. Choi*
16:45 – 17:30	Lab 8: Radial Head Fracture (Radial Buttress Plate)	*H. J. Kang*
17:30 – 18:15	Lab 9: Unstable Olecranon Fracture (Twin plates)	*Y. R. Choi*
18:15 – 18:20	**Conclusion and Farewell Message**	*H. J. Kang* *W. Hintringer*
20:00	**Social Diner**

Disclaimer and Waiver
I understand that the material presented in this educational program (the "Program") has been made available under sponsorship of IBRA (International Bone Research Association) for educational purposes only. This material is not intended to represent the only, nor necessarily the best, method or procedure appropriate for the medical situations discussed, but rather is intended to present an approach, view, statement or opinion of the faculty that may be of interest to others.

As a condition of my participation in the Program, I hereby (i) waive any claim I may have against IBRA and its officers, directors, employees, sponsors, agents, or against the presenters or speakers, for reliance on any information presented in the Program; and (ii) release IBRA, its officers, directors, employees, sponsors and agents, as well as the presenters and speakers, from and against any and all liability for damage or injury that may arise from my participation or attendance at the Program.

I further understand and agree that no reproduction of any kind, including photographs, audiotapes and videotapes, may be made of the Program. All property rights in the material presented, including common law copyright, are expressly reserved to the presenter or speaker or to the IBRA.

IBRA is not responsible for expenses incurred by an individual who is not confirmed and for whom space is not available. Costs incurred by the registrant, such as airline or hotel fees or penalties, are the responsibility of the registrant.

I hereby certify that I am correctly vaccinated against the current diseases which could be transmitted during the dissection workshops. I also certify that my personal insurance company will take in charge the possible injuries and complications that may occur during the dissection workshops. I relieve the organizers from their responsibility concerning any injury and complication that may occur during the workshops.

By registering for the Program, I consent to the conditions of participation set forth above.

General Information

Registration Fee Seminar and Workshop (limited to 30 participants)

☐ IBRA Member	USD 490
☐ Non Member	USD 550
☐ Resident	USD 500

Residents: Letter of acknowledgement required upon registration

Course tuition includes scientific seminar, cadaveric labs, tea and lunch.
Social dinner is not included.

Social Dinner:

The social dinner event on October 28, 2017 will take place at the restaurant

Marie 1984
529, Seongsan-ro
Seodaemun-gu, Seoul
Republic of Korea
Tel:82-2-365-1984

Costs: USD 35 per person

Dress code: casual

Registration Deadline: October 6, 2017

Method of Payment

The following methods of payment are accepted:

Credit Card VISA Master Card American Express

Bank Transfer (USD)	Bank J. Safra Sarasin AG, CH-4002 Basel
Account no.	6010055.4002
IBAN no.	CH87 0875 0060 1005 5400 2
Clearing no.	8750
SWIFT	SARACHBB

General Information

Registration Information

Registration is limited and available on a first come, first served basis.
Registration deadline is **October 6, 2017**.

Event Information and Organization

IBRA Administration Office
Hochbergerstrasse 60E, CH-4057 Basel, Switzerland

Registration and Confirmation

All registrations are confirmed by email. If you have not received a confirmation prior to your departure for this course, please contact us.

Refund Policy

All refunds must be requested in writing to the IBRA Adminstration Office.
If written notification is received 3 weeks prior to the event, a full refund less a USD 60 processing fee will be given. If written notification is received 10 days prior to the event, a refund of 50% of the registration fee will be given.
For later notifications, there will be no refunds. Refunds will not be given for non-attendance.

Official Language

The official course language is English. No simultaneous translation will be available and all correspondence will be in English.

General Information

Program Description

An interactive, hands-on Seminar and Workshop, addressing trauma and reconstruction of the hand, wrist and part of the elbow with representative cases and discussions. International faculty will apply evidence and present latest innovations in lecture format and surgical demonstration to the participating hand and orthopaedic surgeons.

Course Format

The program focusses on hands-on cadaveric exercises. It is divided into 4 sessions concentrating on hand (phalanges, metacarpals), carpus, distal radius and elbow (radial head, olecranon).
Each session starts with a presentation introducing the indications and current treatment options. After that, a number of exercises will be carried out allowing a close interaction and discussion with the faculty.

General Information

IBRA is a financially independent, internationally oriented non-profit organization, for specialized clinicians and research scientists. IBRA's core activity is the future-oriented advancement of bone-tissue research and management focusing particularly on:

- Bone biology, including osteointegration, bone generation and soft tissue reaction
- Maxillofacial and orthopaedic rehabilitation
- Materials research including hardware development
- Biomechanics
- Tissue engineering
- Surgical procedures & clinical management

IBRA encourages the development of innovative solutions in a friendly, loyal atmosphere. Future-oriented open-mindedness and international acceptance form the basis for first-rate assistance in realizing modern research projects and promoting individual careers. As an international forum reaching across geographic and cultural borders, IBRA offers an up-to-date network for the exchange of experience and knowledge in applied bone and tissue research.

History
IBRA was founded in Zurich, Switzerland on September 25, 2004 at the initiative of eighteen forward-looking clinicians. Its primary aims are the exchange of professional knowledge, promotion of new scientific developments, engineering of the musculoskeletal system, coordinated multi-centre research and highly specialized advanced training.

Research Support
IBRA offers financial support for research projects dealing with bone biology and the improvement or development of internal fixation devices for maxillofacial and limbs surgery. With the emphasis on innovation and suitability for practical application, 95% of the research budget goes towards applied research and clinical studies and 5% towards basic research.

Education
IBRA's education area offers clinicians special courses on the application of specific methods of treatment. IBRA's particular concern is to train tomorrow's highly qualified research scientists. IBRA enhances its members' qualifications through a scholarship program.
